RIGHT ON TARGET

BOX&CO HAS ACHIEVED OUR SET TARGETS FOR THE YEAR AND DELIVERED A FINAL TURNOVER OF \$21M.

This is a pleasing result given the indecisive government structure nationally which has affected business sentiment.

We anticipate a slight increase in activity for Q1 of 2015/16 as business leaders start making decisions and spending budgets for the new financial year.

Our overall projection for 2015/16 remains in line with the previous year with a target revenue of \$21m. There have been no signs to suggest any change in activity for the next twelve months.

We are hopeful that continued low interest rates and a more active federal government will help deliver greater activity in the construction sector.
