

CATHEDRAL SQUARE IS BACK ON THE MAP

BOX&CO HAVE JUST COMPLETED WORKS AT CATHEDRAL SQUARE, BRINGING NEW LIFE TO THIS CITY OASIS.

The six-month project, which commenced in August last year, involved completing soft and hard landscaping including creating a pergola area and installation of a coffee cart facility (which will be opening soon for coffee lovers). The project also included the installation of a perforated art piece looking down Wharf Street.

RIISING TO THE CHALLENGE

THE MARCH QUARTER HAS BEEN A VERY CHALLENGING PERIOD IN BUSINESS.

Box&Co managed to maintain a reasonable level of activity with enquiry levels increasing slightly toward the end of March.

The general sentiment across all industries has been very negative. Enquiry level and new project starts has been very low in comparison to previous years.

The main factors influencing this include:

- The inability of all levels of government to make decisions that promote productivity and activity
- The steep reduction in the resources sector which has a ripple affect across numerous industries.

It is envisaged that Q4 15/16 will be much more buoyant as other areas of the economy start to perform.

High density residential construction continues to drag along and distort overall construction activity and it is envisaged that this will start a steep decline in the next 12 months.

There will need to be a concentrated effort from Government in 16/17 to start major infrastructure spending to help push the economy into gear.

MISSION MAKEOVER

Box&Co recently took on the task of restoring the heritage listed Wesley Mission to its former glory.

The Brunswick Street icon, home to the Tongan Heritage Church, was restored inside and out including a fresh coat of paint, new flooring in the main hall and a new side ramp for disabled access.

WHAT'S IN OUR INBOX?

“My thanks to your team, they were impressive and pleasant to deal with. Hope to work with you more in future.”

PAUL JONES
DESIGN NEST

“Thank you for the team you provided me with to enable the construction of the recent Frank White Building and Seddon Project. I was pleased with their performance during the project and the manner in which they conducted themselves at UQ.”
